|                                 | 37              | TOTAL GEN ED CREDITS   |                      |

# II. Additional Required Courses

| Credit Hours | Community College Course Number and Title |  |
|--------------|---|--|
| 0            | TOTAL REQUIRED COURSES CREDITS            |  |

# III. Elective and Recommended Courses

"Recommended Courses" means courses that students are strongly encouraged, but not required, to take for preparation in this major and are listed below in priority order.

| Credit Hours | Community College Course Number and Title   |  |  |  |
|--------------|---|--|--|--|
| 23           | Student chooses, with help from an advisor, from the approved electives list for the community college's AA degree. |  |  |  |
| 60           | TOTAL ASSOCIATE DEGREE CREDITS  |  |  |  |

#### ASSOCIATE OF ARTS OR SCIENCE DEGREE REQUIREMENTS (60 Credits):

Students should note that all required courses must be satisfactorily completed as part of the AA or AS degree at the community college and will also transfer and apply to the bachelor's degree requirements at the receiving 4-year institution. However, if you're going to transfer before completing the AA or AS degree, you may not need some of these courses. In that case, check with the receiving institution and an advisor for your options.

#### **GUARANTEES & LIMITATIONS**

- 1. Completion of Associate's Degree: This transfer guide identifies the courses a student needs to complete (with a Cor higher) to earn an AA or AS degree at a Colorado community/junior college in order to be able to finish the designated baccalaureate degree in no more than 60 credits. Per Colorado Commission on Higher Education (CCHE) Policy I, L, students who complete an AA or AS degree at a Colorado community/junior college and who are admitted to a Colorado public baccalaureate institution are guaranteed the following: the full transfer and application of a minimum of 60 credits toward the baccalaureate degree requirements at the Colorado institution of higher education; completion of the lower-division component of the receiving institution's general education core curriculum; and junior standing. Course credit may be applied to major, elective or other requirements at the receiving institution's discretion. If more than 60 college-level credits are taken or the student gets lower than a C- in one or more courses at the community/junior college, then some loss of transfer credit may occur, and students may not be able to complete this baccalaureate degree in 120 credits.
- 2. Transfer Before Completing the Associate's Degree: If the student intends to transfer prior to completing an AA or AS degree, this transfer guide should still be used to identify the courses that can most effectively prepare them for efficiently completing the designated major at the baccalaureate institution to which they are transferring. While not completing the required associate's degree eliminates the guarantees described here, gtPathways general education courses identified in Section I are guaranteed to transfer and apply to the receiving institution's gtPathways lower division general education requirements. Students are strongly encouraged to finish course sequences (such as English Comp I & II or Calculus I, II & III) before transferring.

For additional information on CCHE transfer policies and gtPathways guaranteed transfer of general education credit, visit <a href="http://highered.colorado.gov/Academics/Transfers/Students.html">http://highered.colorado.gov/Academics/Transfers/Students.html</a>. To file a transfer-related complaint with the Colorado Department of Higher Education, visit <a href="http://highered.colorado.gov/Academics/Complaints/default.html">http://highered.colorado.gov/Academics/Complaints/default.html</a>

Your last two years will look like the following:

# Environmental Studies Major: Fort Lewis College

Students transferring to Fort Lewis College must have successfully completed the following courses in fulfillment of the requirements for the Associate of Arts Degree or Associate of Science Degree:

BIO 105 GEY 111 PHI 218

# Complete these courses at Fort Lewis College:

| Fall Junior Year                        | Credits | Spring Junior Year                   | Credits |
|---|---------|--------------------------------------|---------|
| ENVS 100                                | 3       | ENVS 320                             | 3       |
| <u>GEOG 235</u>                         | 3       | GEOG 310                             | 4       |
| Human-Env. Cultural/Social Ecology      | 3       | PS 130                               | 3       |

**Total Credits: 120** 

**Note**: This map is a suggested course sequence. Please consult the most recent catalog of courses (<a href="https://catalog.fortlewis.edu">https://catalog.fortlewis.edu</a>) for any updates to the curriculum or policies. Please also consult with an advisor.

**Note**: Students must complete 90 credits by the end of the Junior year to be classified as a Senior. This may require completion of additional free electives in the Junior year to supplement the suggested course sequence.
